**Keith S. Overland, DC, CCSP**  
**Office Financial Policy**

As a service to our patients, we will submit claims directly to your insurance carrier. To do so efficiently, we require your insurance information.

Yearly deductible, HSA payments and patient's portion of treatments can be paid by cash, check or credit card (all major cards accepted). **Co-Pays are due and payable at the time of each visit. Any check which is returned by your bank for non-sufficient funds will be subject to a \$35.00 fee.**

Any or all portions of a rejected claim by an insurance company or managed care organization may be the responsibility of the patient. **Patient's who do not get a referral from their primary care doctor, when it is a requirement of their contract, will be responsible for their entire balance if the insurance carrier refuses to pay.** Patients may also be responsible for services not paid in full by your insurance company as well as non-covered procedures i.e., physical therapy, massage therapy, exercise prescriptions, etc., as well as services that are routinely covered, but determined to be not medically necessary by your insurance company.

We send monthly statements that will reflect all of your treatments and any payment made by you and/or your insurance company. Patients who fail to make payments for non-reimbursed services within 30 days will be responsible for costs of collection, 18% annual late fees, and reasonable attorney fees.

Please review your statement and feel free to call Dr. Overland's Office Manager with any questions or problems at (203) 838-9795. We are here to help.

# Massage Therapy

Therapeutic massage provides relief of stress, pain and muscular discomfort. In our office, massage is often used as adjunct to other treatment options. We believe that integrating massage into your care would be of great benefit.

Below are some of our Office Policies with regards to massage:

- Therapeutic massage is offered on a daily basis. We have several established State licensed Massage Therapists who have worked in our office for up to 20 years. All are highly recommended.
- If the doctor prescribes massage, or if you decide this is an option you would like to explore, please make an appointment with the front desk.
- On the day of your massage, wear comfortable clothing and drink plenty of water before and after your scheduled massage.
- If for any reason you need to **cancel** your massage appointment, you are asked to do so **the day before**. Since same day appointments are difficult to fill, **cancellations made the same day are charged at full price**. Please be aware, if you have massage coverage through health or auto insurance, it has been our experience that insurance companies will not pay for no-show appointments. So ultimately, this will become an out of pocket expense.
- **If** covered by your insurance, **insurance** companies typically **pay** for a short acute care **30 minute massage only**. No reduction of fee will be applied if your insurance company processes the fee at a lesser rate; **the reduction is transferred to you as non-covered**. If you would like an hour massage, it is considered a non-covered service and you will be **responsible to pay in full at time of service**. You will be responsible for payment on all non-covered services after your insurance has processed your claim (any part of the massage that your insurance does not cover).

Your signature at the bottom of this page confirms you are aware and agree to this policy.

Kindly let us know if we can make your therapeutic massage experience more beneficial.
